MEMORANDUM FOR THE RECORD

SUBJECT: CTs Comments on Possible Double Retirement Deductions

When the SSCI Personnel Review Team visited [redacted] recently there was among other things some discussion on an issue that has since been favorably resolved for all Agency employees. It was the possibility that because Congress had been unable to enact a new retirement system in time, some employees hired since 1 January would be forced to pay double retirement deductions. This would have amounted to 14% of their pay. Fortunately, that did not happen. The prospect however generated some strong reactions among CTs

[redacted] The attached comments reflect some of their feelings. The SSCI staffers found them of interest and hopefully they will be able to put them to good use on the Hill to show that federal employees feel strongly about some of the shoddy treatment they have received from Congress recently. OCA requests that the DO clear these comments which have no names associated with them.
